

Privacy Policy of Hyperion Research HPC User Forum

Hyperion Research is committed to protecting your information. Our privacy statement provides information on how we collect and use personal data. If you choose to use any of the Hyperion Research websites, you agree to the practices in this privacy policy.

Data Collection and Use:

Hyperion Research collects data as needed to fulfill purposes as they relate to its services. Personal data includes, but is not limited to, your name, email address, company name, and title.

Event Registration: Personal data, including payment information, is collected for event registration by Hyperion Research and is subject to this privacy policy. If a third-party collects event data on behalf of Hyperion Research, they are obligated to follow the Hyperion Research privacy policy, and not to use the information for any other purpose. Payment information for registration fees and venue reservations collected by Hyperion Research is subsequently provided to the event venue to fulfill purposes of the registration, and is subject to the venue's privacy policy.

Data Retention

Hyperion Research retains personal data for as long as your account is active or otherwise for a limited period needed for contractual fulfillment or communication regarding relevant, compatible purposes, unless otherwise required by law.

Data Protection

All website-based data is protected by a combined SSL/Web Security suite that encrypts data transfers and monitors for malware, SQL injections or DDoS attack.

Transfer of Data

Hyperion Research does not sell, rent or lease personal data. Payment information for event registration fees and venue (hotel) registration is collected by Hyperion Research and provided to the event venue for the express purpose of fulfilling requests.

Cookies and Usage Tracking

Cookies are small files stored in your browser, created when you visit a website. The information keeps track of your movements within a website, and is intended to allow you to navigate a site efficiently. You may choose to set your web browser to enable, disable or alert you to certain types of cookies. Deleting or rejecting cookies may prevent you from using various features of the website or otherwise affect functionality.

We track your actions on our website, including but not limited to documents accessed and pages visited. This information is not personally identifiable, and resides with your registration information. This information is analyzed to maintain and enhance the user's experience navigating our website.

Your Rights

At any time, you can access, correct, withdraw or register a complaint by contacting info@hyperionres.com
