

HPC User Forum - 2012

Altair Knows HPC

Altair is the only company that...

makes HPC Tools

develops HPC Apps

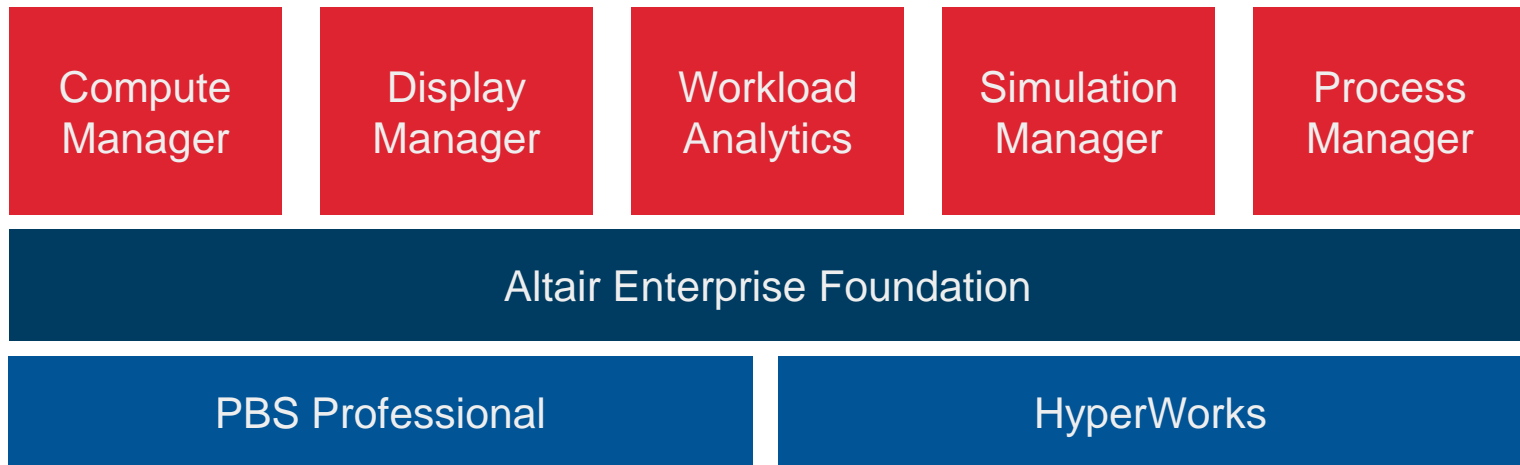

and uses HPC Apps!

**500 Altair engineers worldwide
use HPC every day for
real-world modeling
& simulation**

Complete Simulation Lifecycle Management

PBS Professional

Scalability & Performance

- Proven to ~100,000 cores on multiple vendor's platforms

Security & Reliability

- Only globally EAL3+ security certified solution

End-user Productivity

- Compute Manager – Makes HPC services easy to use

Policy-driven Scheduling

- Scheduling formula enables any policy, simply
- 'Top N Backfill' ensures the most important jobs are not delayed by backfilling
- Dynamic OS Provisioning (based on workload)
- Advance reservations
- Topology-aware scheduling

Enterprise Visibility

- Estimated job start times and completed job history
- PBS Analytics

Open Architecture Extensibility

- New plug-in "hooks" architecture

PBS Professional

- Maximize System Utilization
- Minimize Time to Results
- Maximize Job Throughput
- Advanced Capabilities
 - Dynamic OS Provisioning
 - Based on Workload
 - Green Provisioning™
 - Configurable Power Management Policies
 - Potentially Significant Energy Savings
 - Comes with Professional Services
 - GPGPU Scheduling
- Policy based Workload Management
- Flexible, Customizable & Extendible
- Mature and Reliable Technology

Schedule | Prioritize | Scale

Compute Manager

Run, Monitor and Manage

- Makes HPC Services Easy to Use
- Application Aware Portal
- Job Submission
- Job Monitoring
- Remote File Access
 - During Job Execution
- Job Management
- Data Management
 - Upload Input Data
 - Download Results Files

Altair Enterprise

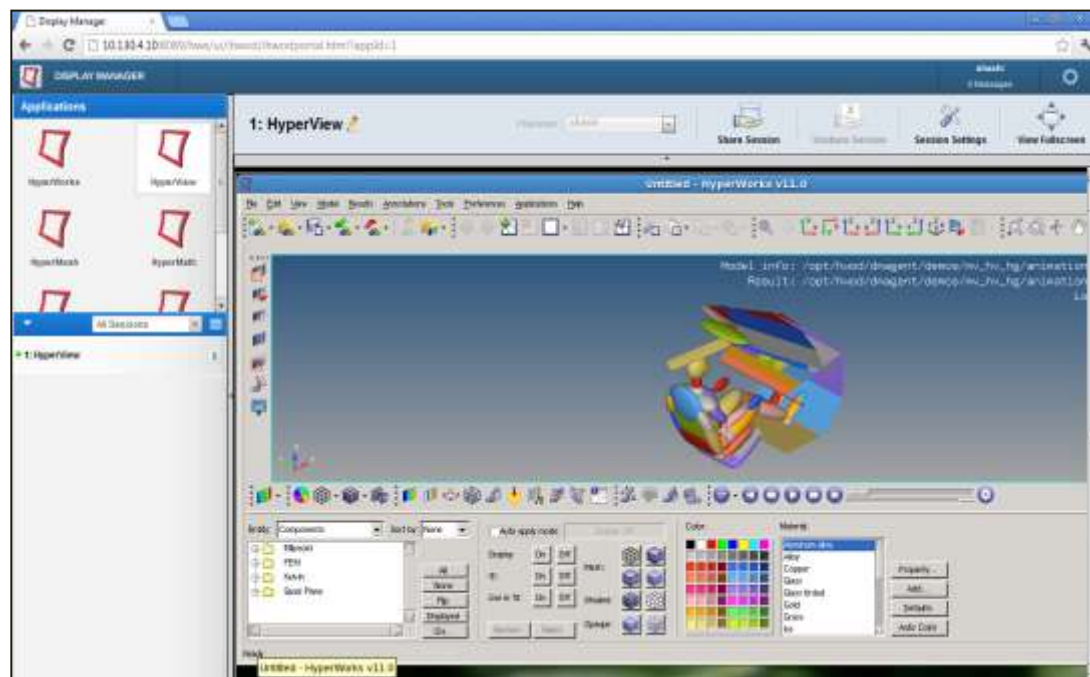

Increasing the pace of Product Innovation

Compute
Manager

Display Manager

Server Side Visualization

- **Access** to native HM and HV and interactive products **through the Web!**
- Build and analyze models/results **remotely** without transferring huge files
- **Collaborate** with team members by sharing models/results remotely

Altair Enterprise

Increasing the pace of Product Innovation

Display
Manager

Simulation Manager

- Manage** Projects, Simulations, Solver Jobs, Goals, Results
- Evaluate** Goals against set targets
- Compare** Versions and variants of Projects, Simulations, Process, Goals
- Connect** Local, Remote, PDM Resources

Altair Enterprise

Increasing the pace of Product Innovation

Simulation
Manager

Process Manager

Capture and Automate Enterprise Processes

- Aggregate and execute personal processes as a single task as part of a web-based Enterprise process
- Each enterprise task is data-aware and it can be defined as a micro-app w/ input and output
- Capture and re-use Knowledge

Altair Enterprise

Increasing the pace of Product Innovation

Process
Manager

Web-based Accounting & Analytics Portal

PBS Analytics

- Visualize Historical Usage Data
 - Jobs, Applications, Users...
- Built in Report Library
 - Report Customisation
- Allocate Costs and Plan Ahead
- Capacity Planning
- Publish Reports
- Export to Customer's Billing System
